NOTES............................................................................................................................... 42-43
TO PROSPECTIVE CONSUMERS OF HOME CARE AGENCIES

The Lebanon County Area Agency on Aging is able to offer specific Home and Community Based programs to assist with keeping consumers in their home when physical functioning and medical needs require additional help. Sometimes a decision is made for more extensive coverage and services, as per their physician, or by consumer preference, for their home care needs. This directory has been compiled to distribute information on Home Care Agencies that serve Lebanon County residents, their specific services, staffing and contacts as provided by the respective agencies.

This listing is by no means inclusive nor do we recommend any one agency. It is best to contact the agency, review their services, costs, and ability to serve your particular situation. The directory will be reprinted periodically and information revised accordingly.

The booklet lists the following services:

**Home Health Agencies** are Medicare certified and have met federal and state minimum requirements for patient care and management. They typically have RN's to assess and provide treatment, therapists, social workers and home health aides. Referrals are made with physician order.

**Hospice Care** involves a core interdisciplinary team of skilled professionals and volunteers who provide service for the terminally ill and support for patient families. Hospices are Medicare certified and licensed according to federal and state requirements. Referrals are made with physician order.

**Non-medical Home Care Agencies** provide homemakers, companions and home health aides for clients such as bathing, dressing, meals, housekeeping, etc. They recruit, train and supervise their personnel for care given and some agencies may be licensed. Some agencies will provide licensed personnel for private duty services or have licensed personnel supervising their care-giving employees.

For more information on Home and Community Bases Services or with questions on material in this publication please contact:

**The Lebanon County Area Agency on Aging**

HOW TO CHOOSE A HOME CARE SERVICE THAT IS RIGHT FOR YOU

One of the best ways to determine which service is right for you would be to get a personal recommendation from a friend or relative – someone you trust. Your church, synagogue or an organization of which you are a member are important resources.

- To help determine what type of in-home care will best meet your needs, think through what the person’s day is like and what kind of help would be needed to get through it. Is help needed taking medications, getting to and from the bathroom, preparing meals, taking a bath or shower, getting dressed or doing physical exercises? Are there medical conditions that require special attention? Are there symptoms that the caregiver must be aware of so the physician can be alerted? Be sure to ask the person needing help what his/her expectations are and what they would like the caregiver to do.

SOME QUESTIONS THAT YOU MAY ASK:

- How long has the agency served in the community?
- Can the agency provide written information on extent of services and cost of services?
- Does the agency provide a contract for specified services?
- How do they hire their staff? Are they bonded, licensed? Have they gone through criminal background checks?
- What training does the agency provide their staff?
- Is there a written plan of care for each consumer?
- Does the agency send the same caregiver?
- How does the agency handle fill-in for emergencies, caregiver sickness or call-offs?
- Do they distribute a note of rights and responsibilities of providers and clients?
- Who do you go to for complaints?
- Does the agency routinely send out consumer satisfaction surveys?
- Can the agency give references from former or present consumers on their service?

We hope that the enclosed information, provided by the Home Care Agencies, will help in making an informed decision on the choice of appropriate service for you or your family member.
NON-MEDICAL HOME CARE AGENCY

- Shelly Eller, Assistant Controller, Matthew Guziak, Controller, Beth Hennigan, AC Program Director, Stephanie Quigley, NHT Program Director
- In business in Lebanon County since 2002
- Serves all of Lebanon County and Surrounding Counties
- Pennsylvania Department of Aging Waiver certified
- Staff background checks performed

Abilities in Motion (AIM) offers Fiscal Management Services (FMS) to those on the County PAS Options Program. This allows consumers to employ persons whom they would like to be their Direct Care Worker. Consumer Directed model allows the hiring of a family member, a friend, or even a trusted neighbor to provide the care the consumer needs to live independently in their home and community.

AIM provides Service Coordination in order to assist you in identifying and coordinating all necessary services in order to maintain independence in the home and community.

AIM’s Nursing Home Transition Program provides intense support and assistance to nursing home residents that wish to leave a nursing facility and move back home to the community and live a life of independence.

AIM is an enrolled provider for various PA Department of Human Services programs and is a respected leader in the Consumer Directed Home Health Care model of service.

HOSPICE CARE

Under the direction of a physician, our team of clinicians offers a special kind of caring atmosphere that encompasses the medical, social, emotional and spiritual aspects of treatment. Our goal is to ensure that the patient's live well with dignity and respect. Our hospice provides:

- Expert clinical care with emphasis on pain and symptom management
- Home medical equipment and medications related to the hospice diagnosis
- Comprehensive bereavement program/spiritual support
- Emotional support for patients and family members
- Volunteers tailored to patient requests
- Medicare certified/Medicaid certified
- Exclusive Memory Care Program
- Proud participant of We Honor Veterans program
- Staff background checks performed/maintained

STAFFING AVAILABLE:
Medical Directors, Expert Nurses, Nurse Practitioners, Hospice Aides, Social Workers, Spiritual Care Coordinators, Specially Trained Volunteers, Therapists, Bereavement Counselors, Bilingual Staff

SERVICES PROVIDED:
Getting into a hospice program can comfort both patient and family. With hospice care, you will have a team who helps you understand what’s happening and prepare for what’s ahead spiritually, emotionally and physically. Hospice care can improve the quality of the days ahead for everyone.

Most of our hospice services are covered by Medicare, Medicaid and many private health insurance companies. You can also choose to pay privately, but you will never be turned away for inability to pay. Our staff can assist patients, families and physicians in determining eligibility and researching all available options.
